Ooh, so, uncle is an acquaintance of Akari-san.
You gave me quite a scare, too.
You really scared me.

Yes.
I'm sure she's already searching for you by now.
If you got lost in this area, it is better not to wander around too much.
I appear quite conspicuous, so I'm sure Akari-san will find us easily.

But, I was completely wrong.
You were truly a fine gentleman.

Starting Off

天野こずえ

I finally came here.

Ehehe, Akari-san,

Attention, attention.

I have to be more polite with my speech.

Akari-san is my superior now.

...

"Came here" !?

Lacking still I might be, but if it pleases you, allow me to leave my humble self in your care.

It has been a long time, Akari-san.

We've been email pals since forever after all!

Akari-san may be my superior now, but this is just too much.

No, no, that is way too stiff

"If it pleases you"? "My humble self"!?

I'm gunna be in your care from now on!!

Ciao! Akari-san!

I have to think of something ...

But, this is going full speed in the wrong way!

I was trying to do it in Italian style...

...That won't work at all!!
